

1 Cedar & McQueen Street

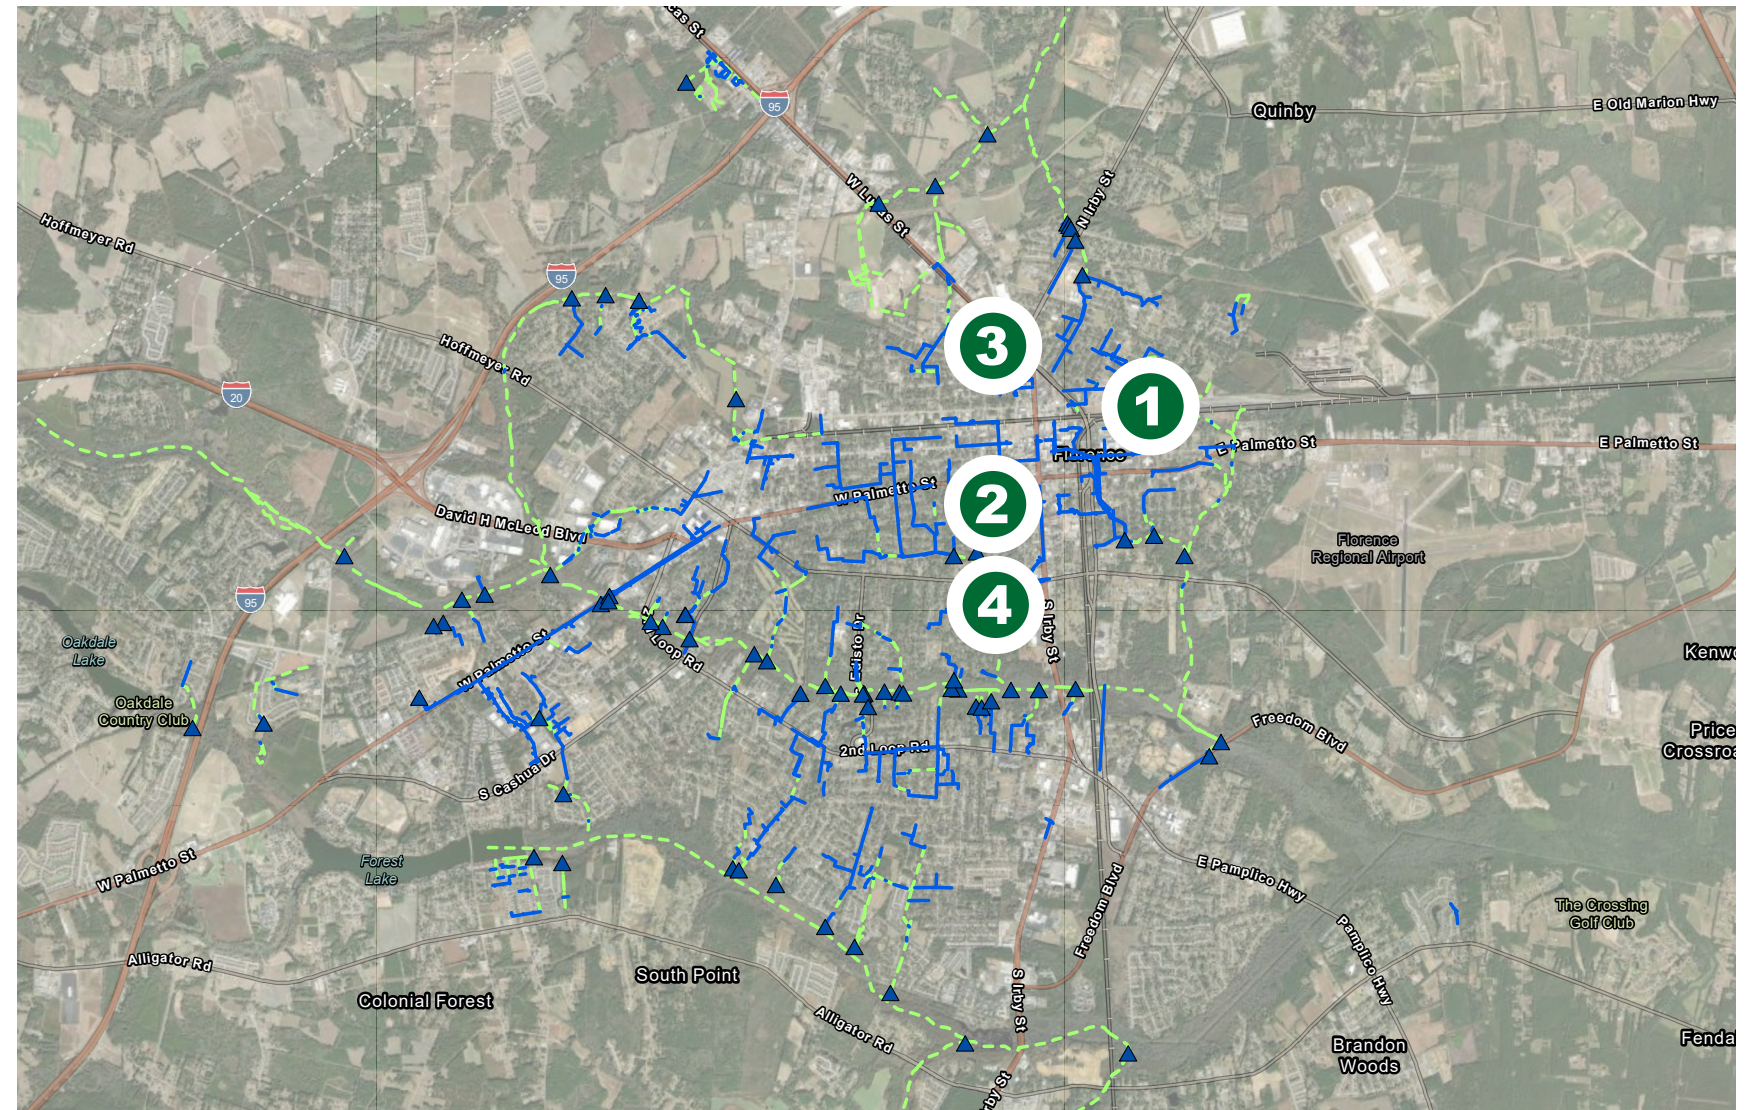

2 Timrod Park and South Coit Street Improvements

3 Pennsylvania Street

4 North Church and Oakland Street

Pardon our Mess

1 Cedar & McQueen Street

UPDATE | Construction is currently in progress. Upcoming work includes implementing storm drainage improvements at Pine and Warley Streets, McQueen and West Cheves Streets, Lawson and Nome Streets, along Chase Street, and at the West Cedar and Spruce Street intersection. The project will improve stormwater drainage and reduce localized flooding.
STATUS | Construction, Winter 2026

2 Timrod Park and South Coit Street Improvements

UPDATE | Construction of the South Coit Street outfall is nearing completion. Remaining work includes finalizing grading stabilization and open channel improvements. The project will increase system capacity and enhance stormwater drainage.
STATUS | Construction, Winter 2026

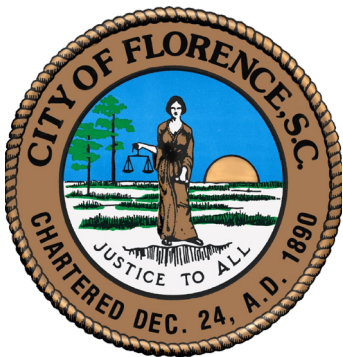

3 Pennsylvania Street

UPDATE | Construction is currently in progress. Traffic control measures have been implemented along Coit Street, and crews are actively installing the new pipe. The project will improve stormwater drainage and enhance system performance.
STATUS | Construction, Fall 2026

4 North Church and Oakland Street

UPDATE | Roadway and drainage improvements are currently underway in coordination with SCDOT. Digging Deep was awarded the contract for the North Church/Oakland project, and funding verification is being finalized. The project also includes upgrades to stormwater infrastructure and expanded stormwater treatment measures to improve runoff water quality and reduce flooding.
STATUS | Construction, Spring 2028
