**3 Cedar & McQueen Street**

**4 Cedar & McQueen Street**

**5 Malden Stormwater Improvements**

## Pardon our Mess

### 1 Timrod Park Outfall Improvement

**UPDATE** | Provide stormwater treatment in natural areas to help reduce erosion and control sediment by filtering out silt and other pollutants, improving overall stormwater runoff quality.

**STATUS** | Completed, Fall 2025

### 2 Pennsylvania Street

**UPDATE** | Cleaning stormwater drains to help reduce flooding and improve system performance. The selected storm drain pipes are being upgraded to increase capacity and improve performance during heavy rain events.

**STATUS** | Construction, Fall 2026

### 3 Cedar & McQueen Street

**UPDATE** | Roadway and drainage improvements are underway in coordination with South Carolina Department of Transportation (SCDOT). The project also includes upgrades to stormwater systems and expanded stormwater treatment to improve stormwater runoff quality and reduce flooding.

**STATUS** | Construction, Fall 2026

### 4 Church and Oakland Stormwater Improvements

**UPDATE** | Roadway and drainage improvements are underway in coordination with SCDOT. The project also includes upgrades to stormwater systems and expanded stormwater treatment to improve stormwater runoff quality and reduce flooding.

**STATUS** | Construction, Spring 2028

### 5 Malden Stormwater Improvements

**UPDATE** | Improving stormwater capacity and reduce flooding in the area. The project is currently being evaluated for potential federal funding support.

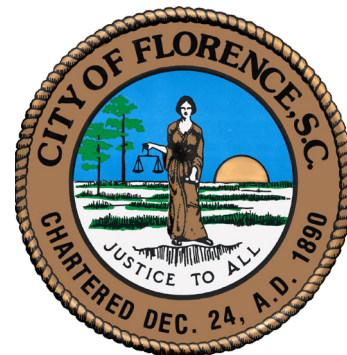

**STATUS** | Planning, Winter 2028

## Stay Connected

# RISE

Resilient Infrastructure  
and System Enhancements

Investing Today. | Building Tomorrow. | Serving our Community.

#### RESILIENT

Building stronger systems for the future.

#### INFRASTRUCTURE

Upgrading and renewing critical water, sewer, and stormwater assets.

#### SYSTEM

Improving performance, reliability and operational efficiency.

#### ENHANCEMENTS

Enhancing service for a healthier and stronger community.
